Provision Program Details

Provision

Let us help you go beyond compliance with our Provision Certification. Federal and State Compliance is a piece of the overall tax life cycle. With the utilization Corptax Provision products, you can cover the year round analysis necessary for companies today.

The Corptax Certified Professional: Provision Program is designed to certify your Corptax knowledge and skills with respect to our Provision products. As the product usage varies by licensees, our certification programs are designed to cover core product usage along with Corptax recommended best practices.

Areas covered in this certification program include:

- Brief Overview of Full Corptax Product Line
- Completing the Tax Life Cycle Using Corptax
- Overview of Data Collection Methods
- Setting Up and Using Corptax Provision Products
 - Corptax Provision
 - Corptax State Provision
 - Corptax Tax Contingency
- Other Topics Including Interim Reporting and Rollover
- Provision Related Tips and Troubleshooting

Note: Certifications use the newest generation of Corptax products.

What's in it for me?

- **Stand out from the crowd** with certified Corptax skills for personal and professional growth.
- **Join an exclusive community** of Corptax Certified Professionals.
- **Be recognized for your accomplishments** by being acknowledged as a Corptax Certified Professional on corptax.com and gain approval to use the Corptax Certified logo on your business cards and email signatures.
- **Earn continuing professional education (CPE) credits** for classroom and online training sessions completed as part of the certification.

What do I have to do to be certified?

- Successfully complete a knowledge exam to certify minimum skill sets in respective certification topic to ensure efficient and quality product usage.
- Successfully complete a case study to certify practical application of provision process.

How do I maintain my certification?

We strongly encourage all certified professionals to attend product training to maintain and continually improve their Corptax skill set. However, the only requirements to maintain your certification is completing the annual certification renewal form and paying the annual renewal fee.

Program Description

The Corptax Certified Professional: Provision Program is intended for an individual who has about two years of compliance and product experience, including practical application of the skills and concepts noted in the exam outline below. The candidate is not required to complete training prior to the exam; however, there are several training resources available from Corptax. Corptax University recommends that the candidate also studies the materials from available courses. See page 6 for available courses. You can find a list of all training offered for the year in the [Corptax University Schedule](#).

The candidate should be able to perform the tasks outlined in the exam objectives successfully. These include (but are not limited to) the tasks listed below.

The candidate should be able to:

- Describe the Corptax process and information flow
- Navigate the user interface, including:
 - Set views/themes
 - Use grid functionality (defaults, panels, and filtering)
 - Access online support and Corptax Help
- Define the provision process
- Identify and employ each of the Provision Workflow components:
 - Profiles
 - Set up workpapers
 - Set up workflows
 - Book and adjustment
 - Use workpapers
 - Import amounts
 - Use automated adjustments
 - Understand impact of foreign and U.S. activity
 - Understand tax attributes
 - Understand implications of tax contingency
 - Reporting in functional currency and U.S. dollar
 - Understand batch processing
 - Create and apply rollups
 - Process variance reports
- Demonstrate ability to complete the tax contingency reporting process
 - Setup and review of profiles
 - Complete Workflow
 - Complete the various tax contingency workpapers
 - Review and print reports
 - Import and export amounts
- Describe and perform the state provision process
 - Set up and review profiles
 - Worksheet setup
 - Data entry for:
 - Apportionment
 - Current period adjustments
 - Tax attributes
 - Separate and combined return setup and review
 - Batch and report processing
- Define and complete the provision rollover process
 - Annual
 - Period-to-period
- Identify and perform the interim reporting process
- Identify and apply common troubleshooting tools
